- 4. The document continued that the Chinese were the real instigators of the Albanians' hostility because the Chinese still render full homage to Stalin. What is the principal motive of the Chinese? First, they want a program of polarization, meaning that they want a Communist power for Europe and another Communist power for Asia and part of America. They will not accept a single Marxist line (power) in the world. In addition, they demand rapid action against the West and an end of the cold war between the USSR and the United States.
- 5. At this point the Soviet delegates made the following explanation: The Chinese want the Soviets to attack the U. S. and its allies at once, but for the moment this is impossible. If the Soviets were to attack the "imperialists" the latter would retaliate, and it would not be the Chinese who would suffer the consequences of atomic war but the Soviets, who would be destroyed. The Chinese would emerge intact and a great power.

6. Communists of Latin America should stop listening to the Chinese Communists and carry on their campaign to "free themselves from Yankee imperialism". This is the reason for the ample aid given to Cuba by the USSR. This aid is an example for any other Latin American nation which opens a front against imperialism. By means of the Cuban aid the Soviets have gained the first round against China in the hemisphere. Although there are large training centers in China and facilities are available for Latin Americans, distance is a problem and it is far easier for trainees
